

SCEFC Mission and Vision

Our Mission (What has God called us to do?)

God calls us to glorify Him by growing a life-changing community of fully devoted Christ-followers in the Centre Region and beyond.

Our Vision (What will it look like?)

We are trusting God to make us a **community of Grace, Growth, Mission**

A Community of Grace

- Christ's abundant and undeserved love towards us overflows into those around us in life-giving ways that irresistibly draws others in.
- Care, nurture, support, and encouragement are freely given as we serve one another in Christlike ways.
- God is at work breaking down walls, restoring relationships, and bringing forgiveness and reconciliation.

Some examples:

- Living out our relational commitments
- Providing training and ongoing encouragement on what it means to be a community of grace
- Encouraging our Life Groups to go through the Peacemaker small group materials
- Teaching about God's overabundant grace towards us through Sunday school classes, small groups, and the preaching of God's Word.
- Talking about God's grace in our interaction with people inside and outside the church.

A Community of Growth

- Lives are being changed as God, through His Spirit, uses His Word and His people to make us more like Jesus.

- Broken lives and relationships are being healed and restored by our God who is able to bring beauty out of brokenness.

Some examples:

- We will come alongside each other and encourage and support each other in the process of growth.
- We will measure our growth not by numbers, but by individual lives that are being transformed by Christ.
- Encouraging all attenders to get involved in a Life Group or ministry team that will encourage/support them in their growth process.
- Providing discipleship and leadership development opportunities for the body.
- Developing a growth profile of what it means to be a fully devoted Christ follower.

A Community of Mission

- Seeing God's love for people and the needs of the world compels us to serve compassionately and reach out with His love.
- We are a body of believers who are discovering their God-given gifts, awakening their God-given passions, and who are being energized, equipped, and sent out to make a difference in our world.
- We are joining God on His mission to proclaim the Gospel to the Centre Region and beyond.
