

## 'Security' – 1 Samuel 19 – Oct. 25

Big Idea: *Our tendency is to base our sense of security in things that are not of God.*

### Security is helped...

1. By transformational **RELATNIOHSIPS** (1-7)
2. By God's **PLAN** (8-10)
3. By God's **SPIRIT** (18-24)
  - Deuteronomy 33:27 / Isaiah 41:10

### For discussion:

1. *Have you ever found yourself in a place where everything seemed to be falling apart? What were you feeling as you lived through that situation?*
2. *Was David still trusting in God, when he ran several times away from Saul? Where do you draw the line between faith for protection...and wisdom to flee?*
3. *In problematic times, what do you believe about God's security and providence in your life?*
4. *How mindful are you of the Lord's constant protection and presence in your life?*
5. *How does David in this story help point us forward towards Jesus?*
